DERMAL FILLERS

Dermal filler injections replace facial volume lost with age, plumping your skin and smoothing lines and wrinkles. Fillers can also enhance lips and cheeks and lift sagging jowls. We use Juvederm Vycross, the latest range from market-leader Allergan, which is longer lasting and smoother to inject.

Using Vycross by Allergan and depending on the areas to fill **from £250**

WRINKLE REDUCING

Lose your crow's feet, frown and worry lines, not your facial expression. Contrary to popular belief, Botulinum Toxin injections – we use Allergan's Botox – don't paralyse muscles; instead they temporarily relax them, reducing the appearance of lines and wrinkles.
